

WIND POWER LOGO

WWW.WINDPOWERLOGO.COM

DESIGN

Wind Power logo artwork should not be modified from the original design. Elements may not be modified or separated.

COLOR

Wind Power Logo is designed to be flexible through application of color. We encourage you to use Wind Power Logo in colors from your existing brand identity or and color needed for a specific application. The logo should always be filled or reversed out, never outlined.

TYPOGRAPHY

The font used is Myriad Pro Bold Condensed. Additional wind power reference can be added below the icon. Refer to document for visual reference of typography to logo proportion and size ratio. As with color, typographic styles from your specific application or brand identity can be applied.
